Pattern Note

- It would be helpful to use a stitch marker to mark the first stitch of each round.
- When forming a Puff, pull the loops evenly and keep them in line so the flowers don’t look messy and uneven. This also makes pulling through the Puffs easier.
- Keep your tension loose when yarning over so your stitches aren't too tight.
- To make the Puffs easier to form, use a metal or plastic hook without a rubber grip.

Special Stitches

***Close Off Puff** * **instruction** to close off the puffs.

Hold the yarn coming out of the base with your thumb and index/middle finger. This will eventually form a loop to close the Puff Stitch.* **Photo 4. *Yarn over and carefully pulls through all loops of each Puff. Be careful not to pull through the yarn being held between your fingers.* **Photo 5** *Insert hook into the loop formed by the held yard from back to front.* **Photo 6** *Yarn Over and pull through the loop. This will leave 2 loops on your hook.* **Photo 7.** *Yarn over and pull through both loops to form a SC. This closes off the Puff Stitch.* **Photo 8.**

***Note**: Keep the ring formed when closing off each set of Puffs as even as possible to avoid varying sized flower centers.*
